ABOUT US

Delivering Critical Infrastructure, System Integration & Security Solutions

INTERSIGNALS SDN. BHD. is a dynamic and innovative Bumiputera-owned company specializing in Communication & Security System Integration, with expertise in telecommunications, security systems, engineering services and technology solutions.

We deliver end-to-end solutions with a strong commitment to quality, safety and reliability to meet the evolving needs of our clients and support Malaysia's infrastructure and digital transformation journey.

WHAT WE DO

01 TELECOMMUNICATIONS INFRASTRUCTURE
Design, deployment and commissioning of telecommunication networks, infrastructure and systems.

02 SYSTEM INTEGRATION
Integration of communication, network, security and operational technologies into unified solutions.

03 SECURITY & SURVEILLANCE SYSTEMS
Advanced security solutions including access control, CCTV, monitoring and command systems.

04 FIBER OPTIC NETWORK SOLUTIONS
End-to-end fiber optic installation, splicing, testing, and maintenance services.

05 ENGINEERING & MANAGED SERVICES
Engineering services, project management, managed connectivity and maintenance support.

INDUSTRIES WE SERVE

- GOVERNMENT & PUBLIC SECTOR
- TELECOMMUNICATIONS PROVIDERS
- OIL & GAS
- UTILITIES & ENERGY
- INDUSTRIAL FACILITIES
- COMMERCIAL & ENTERPRISE

WHY INTERSIGNALS

- Proven track record of successful project delivery
- Experienced team of professionals and engineers
- Quality-driven execution with safety as priority
- Nationwide presence and support capabilities
- Strong commitment to innovation and reliability
- Customer-focused approach and long-term partnership

CONNECT • INTEGRATE • SECURE • EMPOWER

COMPANY PROFILE

Intersignals SDN BHD

OUR VISION, MISSION & VALUES

Our commitment drives everything we do. These principles guide how we work, collaborate and deliver excellence.

OUR VISION

To be a leading and trusted partner in telecommunications infrastructure, system integration and security solutions.

OUR MISSION

To deliver innovative, reliable and sustainable telecommunications solutions that connect communities and create value.

OUR CORE VALUES

INTEGRITY
We uphold honesty, transparency and ethical practices in everything we do.

TEAMWORK
We collaborate, support and respect one another to achieve shared goals.

INNOVATION
We embrace new technologies and creative solutions to deliver excellence.

QUALITY
We are committed to delivering high standards in every project.

CUSTOMER FOCUS
We listen, understand and deliver solutions that exceed customer expectations.

OUR COMMITMENT

We are committed to maintaining the highest standards of safety, health, environmental responsibility and quality in all our operations.

- SAFETY FIRST
- ENVIRONMENTAL RESPONSIBILITY
- QUALITY ASSURANCE
- CONTINUOUS IMPROVEMENT

We are Toward

- ISO 9001 CERTIFIED — QUALITY MANAGEMENT SYSTEM
- ISO 14001 CERTIFIED — ENVIRONMENTAL MANAGEMENT SYSTEM
- ISO 45001 CERTIFIED — OCCUPATIONAL HEALTH & SAFETY MANAGEMENT SYSTEM

CONNECTING COMMUNITIES. EMPOWERING FUTURES.

COMPANY PROFILE

Intersignals
SDN BHD

OUR SERVICES IN DETAIL

We provide end-to-end telecommunications and infrastructure solutions that are reliable, secure and future-ready.

FIBER OPTIC INFRASTRUCTURE
Installation, deployment and commissioning of fiber optic networks for high-speed connectivity.

CIVIL & OSP WORKS
Trenching, ducting, manholes, and complete civil infrastructure works for telecommunications networks.

NETWORK SOLUTIONS
Network installation, termination, testing, configuration and integration for reliable performance.

END-TO-END DELIVERY
Complete project delivery from planning, supply, installation, testing to commissioning and maintenance.

ELV & SECURITY SYSTEMS
Design, supply, installation and commissioning of ELV and security systems for mission-critical environments.

PROJECT SECTORS

- TELECOMMUNICATIONS NETWORKS
- GOVERNMENT PROJECTS
- SMART CITY INFRASTRUCTURE
- COMMERCIAL & RESIDENTIAL
- ELV & SECURITY SYSTEMS

WHY CHOOSE US

- Experienced and certified technical professionals
- Proven track record in major telecom & infrastructure projects
- Commitment to quality, safety and environment
- Reliable, efficient and cost-effective solutions
- Customer-focused and on-time delivery

OUR WORK PROCESS

PLANNING & SURVEY → DESIGN & ENGINEERING → INSTALLATION & IMFRASTENTATION → TESTING & COMMISSIONING → MAINTENANCE & SUPPORT

OUR ACHIEVEMENTS

10+ Years of Industry Experience

100+ Successful Projects Completed

Nationwide Project Coverage Across Malaysia

Trusted by Leading Organizations and Government Agencies

STRATEGIC COLLABORATION

INTERSIGNALS SDN. BHD. × UNIVERSITI SULTAN ZAINAL ABIDIN (UniSZA)

Strengthening Industry-Academia Partnership for Innovation, Research & Talent Development

INTERSIGNALS SDN. BHD. | UNISZA UNIVERSITI SULTAN ZAINAL ABIDIN

MoU Signing Ceremony | 7 August 2026 | UniSZA Office, IOI Resort City, Putrajaya

ABOUT THE PARTNERSHIP

InterSignals Sdn. Bhd. and Universiti Sultan Zainal Abidin (UniSZA) have established a strategic collaboration to drive innovation and excellence through the integration of industry expertise and academic excellence.

This MoU supports closer cooperation in research, technology development, knowledge transfer, industrial training, talent development, product innovation and commercialization of research outcomes for mutual growth and national progress.

PARTNERSHIP FOCUS AREAS

- RESEARCH COLLABORATION
- TECHNOLOGY DEVELOPMENT
- KNOWLEDGE TRANSFER
- INDUSTRIAL TRAINING
- TALENT DEVELOPMENT
- COMMERCIALIZATION & INNOVATION

PROGRAMME HIGHLIGHTS

SIGNING CEREMONY
Formal signing of the Memorandum of Understanding

KNOWLEDGE EXCHANGE
Strengthening collaboration for shared knowledge and expertise

LEADERSHIP ADDRESS
Insights on industry-academia collaboration and future opportunities

FORMAL DOCUMENT EXECUTION
Official execution and exchange of MoU documents

BUILDING THE FUTURE TOGETHER

COMPANY PROFILE

Intersignals SDN BHD

WORK FORCE

Our team comprises highly experienced and qualified professionals, including **management personnel, engineers, and technical staff,** who work closely with clients to deliver exceptional system integration solutions.

With a wealth of knowledge, experience, and information, our team has built strong channels and connections with unique, unlimited resources—enhancing our capabilities and strength to levels envied by many and rivaled by none.

Confident in our expertise, we are true professionals, ready to face any challenge or obstacle, regardless of boundaries.

Safety is a fundamental priority in the selection and development of our staff. Through exposure to multi-environment working conditions and undergoing CIDB safety training, we proudly affirm that we are the **"right kind of people for the job".**

We take pride in delivering unparalleled customer service, expertise, and professionalism, ensuring that each client's unique needs are met. This commitment is supported by a progressive management style that fosters a quality-focused culture throughout INTERSIGNALS Sdn Bhd.

As a System Integrator (SI), we are dedicated to building and maintaining client partnerships that add value and consistently exceed expectations. Our aim is to provide the highest standards of quality and service, ensuring maximum client satisfaction and attention to detail in every project.

LoRaWAN™

STARLINK INSTALLER

Our people are our greatest asset.

Together, we build connections, empower communities and deliver the future.

SAFETY FIRST
Committed to a safe and healthy work environment.

CONTINUOUS TRAINING
Enhancing skills and knowledge continuously.

TEAMWORK & COLLABORATION
Working together to achieve excellence.

QUALITY FOCUSED
Delivering high standards in every project.

CUSTOMER SATISFACTION
Our commitment to exceed expectations every time.

CONNECTING COMMUNITIES.

PROJECT MANAGEMENT SERVICES

At **INTERSIGNALS Sdn Bhd,** our Project Management services are designed to ensure the successful execution of projects from inception to completion. We employ a systematic approach that emphasizes planning, organization, and coordination to meet our clients' unique needs and objectives.

KEY SERVICES INCLUDE:

PROJECT PLANNING
We develop comprehensive project plans that outline objectives, timelines, resource allocation, and budgets to ensure clarity and direction.

RESOURCE MANAGEMENT
Our team efficiently manages human, material, and financial resources to optimize project performance and ensure timely delivery.

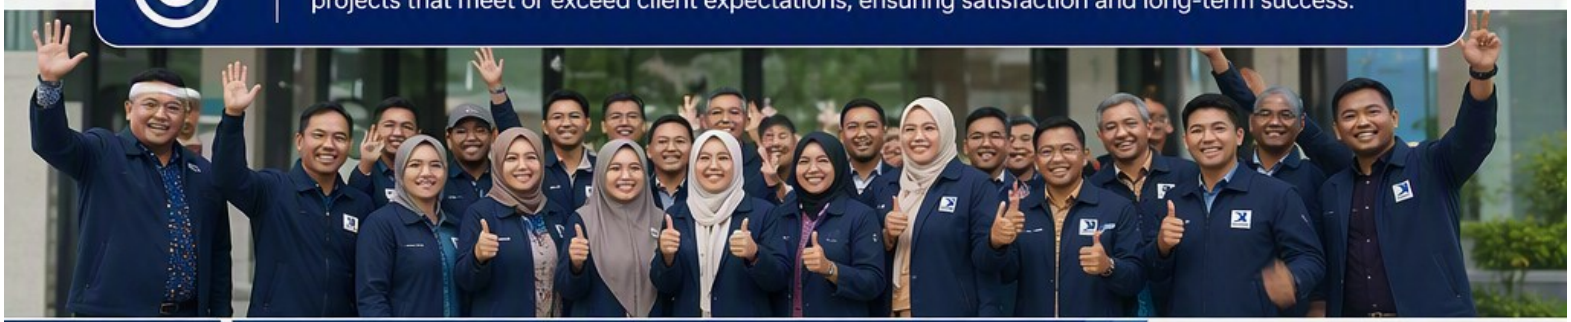

RISK MANAGEMENT
We identify potential risks and implement mitigation strategies to minimize their impact on project timelines and budgets.

STAKEHOLDER COMMUNICATION
Effective communication is crucial for project success. We maintain transparent communication with all stakeholders, providing regular updates and addressing concerns promptly.

PERFORMANCE MONITORING
Our team continuously monitors project progress against established benchmarks, making necessary adjustments to keep the project on track.

QUALITY ASSURANCE
We uphold high standards of quality throughout the project lifecycle, conducting regular inspections to ensure compliance with industry standards.

By leveraging our expertise in project management, **INTERSIGNALS Sdn Bhd** aims to deliver projects that meet or exceed client expectations, ensuring satisfaction and long-term success.

PLAN → EXECUTE → MONITOR → DELIVER

TELECOMMUNICATION SERVICES

Reliable Connectivity. Advanced Technology. Nationwide Impact.

Intersignals Sdn Bhd delivers comprehensive telecommunication services that support the growing demand for high-speed, reliable and secure connectivity across Malaysia. Our solutions are built on advanced technologies, industry best practices and a commitment to quality in every project we undertake.

NETWORK INFRASTRUCTURE
Design, deployment and maintenance of telecommunication networks including backbone, access and last-mile connectivity.

FIBER OPTIC SOLUTIONS
End-to-end fiber optic services including survey, installation, splicing, testing and commissioning for high-performance connectivity.

WIRELESS & MICROWAVE SOLUTIONS
Provision of wireless and microwave link solutions to ensure uninterrupted and high-capacity communication.

DATA & VOICE COMMUNICATION
Integrated data and voice communication systems that enhance efficiency and business collaboration.

SUPPORT & MAINTENANCE
Reliable support and maintenance services to ensure optimal network performance and minimal downtime.

QUALITY ASSURED
Committed to delivering solutions that meet international standards.

EXPERIENCED TEAM
Skilled professionals with extensive industry expertise.

ADVANCED TECHNOLOGY
Utilizing the latest technology to deliver future-ready solutions.

NATIONWIDE COVERAGE
Serving clients across Malaysia with prompt and efficient services.

CLIENT FOCUSED
Building long-term partnerships through reliability and trust.

TELECOMMUNICATIONS SERVICES

At **INTERSIGNALS Sdn Bhd**, we provide a comprehensive range of **Telecommunications Services** designed to meet the evolving connectivity needs of businesses across various sectors. Our solutions focus on enhancing communication infrastructure, ensuring reliability, and promoting operational efficiency.

KEY SERVICES INCLUDE:

⇒ **Network Design and Implementation:**
We offer tailored network design solutions that cater to specific business requirements, ensuring seamless connectivity and optimal performance.

⇒ **Telecommunication System Integration:**
Our team specializes in integrating various telecommunication systems, including voice, data, and video solutions, to create a cohesive and efficient communication environment.

⇒ **Infrastructure Development:**
We manage the development and installation of telecommunication infrastructure, including towers, cabling, and equipment, ensuring robust and reliable connectivity.

⇒ **Voice Communication Solutions:**
We provide a range of voice communication services, including VoIP solutions, traditional telephony, and unified communication systems that enhance collaboration and reduce costs.

⇒ **Data Services:**
Our data services include broadband solutions, dedicated internet access, and data transmission services to support business operations and facilitate data-driven decision-making.

DATA SERVICES:
Our data services include broadband solutions, dedicated internet access, and data transmission services to support business operations and facilitate data-driven decision-making.

MAINTENANCE AND SUPPORT:
We offer ongoing maintenance and technical support services to ensure the optimal performance of telecommunication systems, helping clients stay connected without interruptions.

By leveraging our expertise in telecommunications, **INTERSIGNALS Sdn Bhd** aims to empower businesses with the connectivity solutions they need to thrive in today's fast-paced digital world.

System Integrator IoT Services

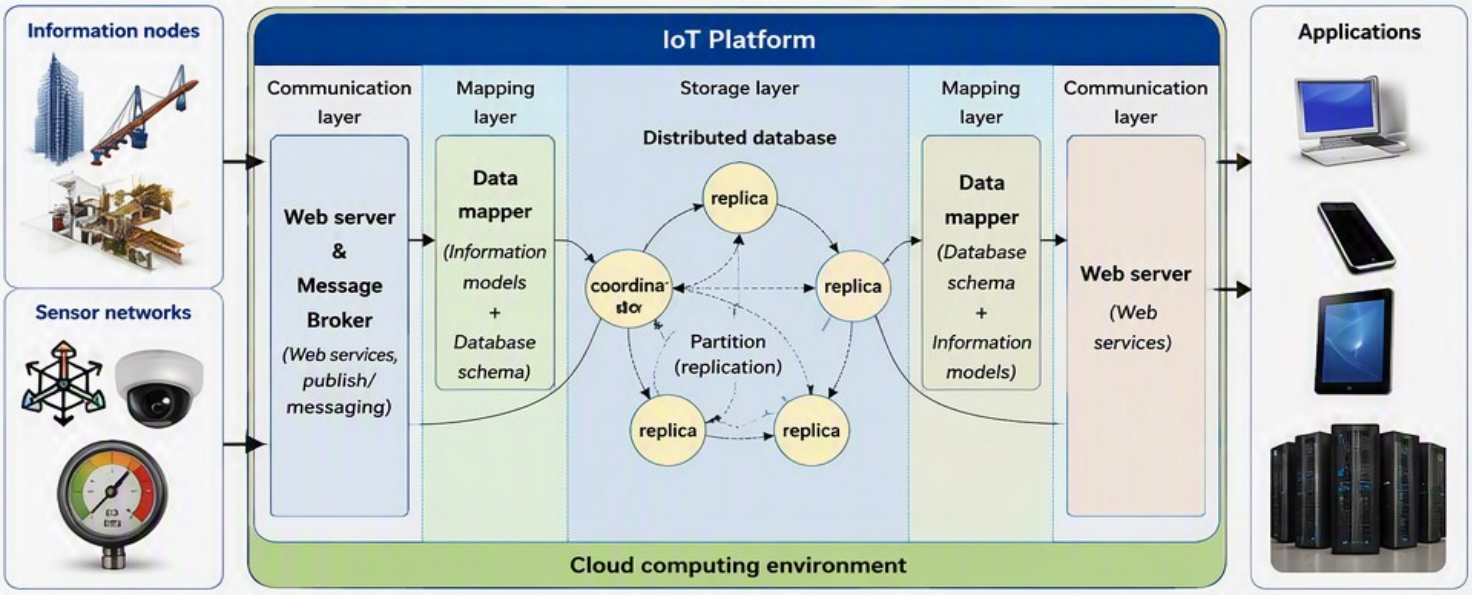

System Integrator IoT Services

At **INTERSIGNALS Sdn Bhd**, our System Integrator (SI) IoT Services are designed to seamlessly connect devices, systems, and applications to enhance operational efficiency and data-driven decision-making. We provide end-to-end IoT solutions tailored to meet the specific needs of our clients across various industries.

Key Services Include:

- **IoT Solutions Development:** We design and develop customized IoT solutions that integrate various devices and sensors, enabling real-time data collection and monitoring.
- **System Integration:** Our team specializes in integrating IoT systems with existing infrastructure, ensuring smooth interoperability between different technologies and platforms.
- **Data Analytics and Visualization:** We leverage advanced analytics tools to transform raw data into actionable insights, helping clients make informed decisions based on real-time information.
- **Cloud Services:** We offer cloud-based solutions that enable secure data storage, management, and accessibility from anywhere, facilitating enhanced collaboration and flexibility.
- **Security Solutions:** Our IoT services include robust security measures to protect sensitive data and ensure the integrity of connected devices, safeguarding against cyber threats.
- **Maintenance and Support:** We provide ongoing support and maintenance services to ensure the continued performance and reliability of IoT systems, helping clients maximize their investments.

By harnessing the power of IoT technology, INTERSIGNALS Sdn Bhd aims to drive innovation and efficiency for our clients, enabling them to stay ahead in a rapidly evolving digital landscape.

ENGINEERING SERVICES

At **INTERSIGNALS Sdn Bhd**, we deliver comprehensive engineering solutions that support critical infrastructure and industrial operations. Our services are designed to ensure reliability, safety, performance and compliance with industry standards.

Engineering Design & Consultancy
Providing design, analysis and technical consultancy for industrial and infrastructure projects.

Project Management
End-to-end project management ensuring on-time delivery, cost efficiency and quality execution.

Installation & Commissioning
Professional installation, testing and commissioning of systems and equipment to meet operational requirements.

Technical Support & Maintenance
Preventive and corrective maintenance, system support and reliability optimization.

Compliance & Safety
Ensure compliance with regulatory requirements and adherence to safety standards.

KEY BENEFITS

- Experienced engineering team with industry expertise
- High-quality and reliable engineering solutions
- Compliance with international standards
- Focus on safety, efficiency and sustainability
- Value-driven solutions tailored to client needs

HDD & FIBER INFRASTRUCTURE SOLUTIONS

UNDERGROUND NETWORK CONSTRUCTION • HDD DRILLING • FIBER DEPLOYMENT

Building Reliable Underground Networks. Enabling Digital Connectivity.

INTERSIGNALS Sdn Bhd provides comprehensive Horizontal Directional Drilling (HDD), underground ducting and fiber optic infrastructure solutions for telecommunications, utilities and smart infrastructure projects across Malaysia.

OUR CORE CAPABILITIES

HDD DRILLING & BORE CROSSING
Horizontal directional drilling for road, rivers and utility crossings with minimal surface disruption.

UNDERGROUND DUCT INFRASTRUCTURE
Installation of HDPE ducts and sub-ducts for reliable and scalable underground infrastructure.

FIBER OPTIC NETWORK DEPLOYMENT
End-to-end fiber optic network deployment including blowing, splicing and termination.

UTILITY & ROAD CROSSING WORKS
Safe crossings of roads, drains and existing utilities using advanced HDD technology.

TESTING & COMMISSIONING
OTDR testing, duct integrity testing and full commissioning for quality assurance.

SMART CITY INFRASTRUCTURE
Future-ready underground connectivity for smart city and digital infrastructure.

Intersignals
SDN BHD

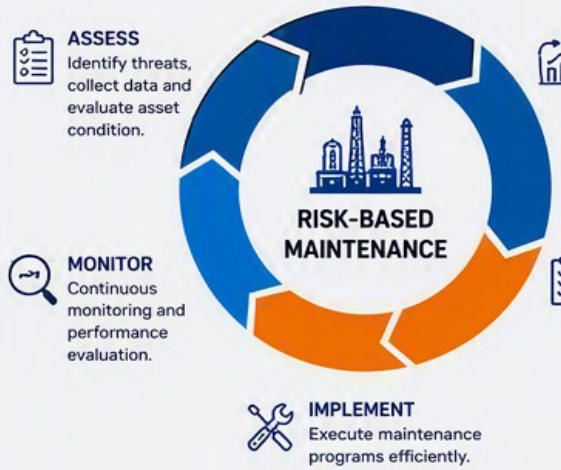

CORROSION CONTROL & RISK-BASED MAINTENANCE

Protecting Assets. Minimizing Risk. Maximizing Reliability.

At INTERSIGNALS Sdn Bhd, we deliver **Corrosion Control and Risk-Based Maintenance** solutions that help organizations protect critical assets, reduce operational risk, and extend asset life cycle.

OUR APPROACH

We combine industry best practices, advanced technologies, and data-driven decision making to provide tailored solutions for every asset and environment.

ASSESS
Identify threats, collect data and evaluate asset condition.

ANALYZE
Analyze risks and determine corrosion mechanisms.

PLAN
Develop effective maintenance strategies.

IMPLEMENT
Execute maintenance programs efficiently.

MONITOR
Continuous monitoring and performance evaluation.

KEY BENEFITS

- Extend Asset Life
- Reduce Operational Risk
- Lower Maintenance Costs
- Improve Reliability & Safety
- Ensure Regulatory Compliance

OUR SERVICES

CORROSION ASSESSMENT
Comprehensive inspection, condition assessment and corrosion mechanism evaluation.

CORROSION CONTROL SOLUTIONS
Design and implementation of protective coatings, cathodic protection, material selection and environmental control.

RISK ASSESSMENT & INTEGRITY MANAGEMENT
Risk-based inspection (RBI), fitness-for-service (FFS) assessment and remaining life evaluation.

RISK-BASED MAINTENANCE (RBM)
Development and execution of maintenance plans based on risk, criticality and asset performance.

MONITORING & DATA ANALYTICS
Advanced monitoring technologies and data analytics to predict failures and optimize maintenance decisions.

COMPLIANCE & STANDARDS
Solutions aligned with international standards and regulatory requirements (ISO, NACE, API, ASME, etc.).

INDUSTRIES WE SERVE

- Oil & Gas
- Petrochemical
- Power Generation
- Water & Utilities
- Marine & Offshore
- Infrastructure

INSPECTION & ASSESSMENT | CORROSION PROTECTION | MONITORING & DATA COLLECTION | RISK-BASED MAINTENANCE

OUR COMMITMENT

We are committed to helping our clients achieve safe, reliable and sustainable operations through effective corrosion control and risk-based maintenance strategies.

EXPERTISE
Experienced team of engineers and specialists

TECHNOLOGY
Advanced tools and industry best practices

INTEGRITY
Data-driven decisions and transparent process

PARTNERSHIP
Working together for long-term asset performance

COMPANY PROFILE

Intersignals SDN BHD

ENGINEERING SERVICES

TRACK RECORD & PROJECT EXPERIENCE

PROVEN EXPERTISE
Decades of experience in CP, Corrosion Control & Asset Integrity.

RELIABLE SOLUTIONS
Delivering cost-effective, reliable and high-performance engineering solutions.

CLIENT FOCUSED
Committed to safety, quality and customer satisfaction.

WHY CHOOSE INTERSIGNALS SDN BHD?

With a proven track record in **Cathodic Protection (CP), Corrosion Control,** and **Asset Integrity Management**, Intersignals Sdn Bhd (formerly NRI Engineering Sdn Bhd) has successfully delivered projects for both local and international clients across various industries, including **Oil & Gas, Petrochemicals, Power & Utilities,** and **Infrastructure.**

OIL & GAS

PETROCHEMICALS

POWER & UTILITIES

PIPELINE INTEGRITY & CATHODIC PROTECTION INSPECTIONS

  - CP System Design Review
- **Cengkareng Airport, Indonesia**
  - CP System Upgrading

OUR ENGINEERING CAPABILITIES

SURVEY & ASSESSMENT
CIPS, DCVG, close interval survey, coating inspection and corrosion condition assessment.

DESIGN & ENGINEERING
CP system design, rectifier sizing, anode bed design, structure protection and corrosion control solutions.

INSTALLATION & COMMISSIONING
Supply, installation, testing and commissioning of CP systems and associated equipment.

MONITORING & MAINTENANCE
Remote monitoring, data logging, potential mapping and performance optimization.

ASSET INTEGRITY MANAGEMENT
Risk-based inspection (RBI), integrity assessment, fitness-for-service (FFS) and life extension studies.

OUR COMMITMENT

- Deliver safe, reliable and sustainable engineering solutions
- Apply industry best practices and international standards (NACE, ISO, API, ASME, etc.)
- Ensure cost-effective solutions that maximize asset value
- Build long-term partnerships through trust and performance

CIPS, DCVG, close interval survey, coating inspection and corrosion condition assessment.

DESIGN & ENGINEERING
CP system design, rectifier sizing, anode bed design, structure protection and corrosion control solutions.

INSTALLATION & COMMISSIONING
Supply, installation, testing and commissioning of CP systems and associated equipment.

MONITORING & MAINTENANCE
Remote monitoring, data logging, potential mapping and performance optimization.

ASSET INTEGRITY MANAGEMENT
Risk-based inspection (RBI), integrity assessment, fitness-for-service (FFS) and life extension studies.

OUR COMMITMENT

- Deliver safe, reliable and sustainable engineering solutions
- Apply industry best practices and comply with international standards (ISO, NACE, API, ASME, etc.)
- Ensure cost-effective solutions that maximize asset value
- Build long-term partnerships through trust and performance

INDUSTRIES WE SERVE

OIL & GAS | PETROCHEMICALS | POWER GENERATION | WATER & UTILITIES | INARINE & OFFSHORE

Our decades of expertise combined with cutting-edge technology ensure that we deliver cost-effective, reliable, and high-performance engineering solutions for critical infrastructure worldwide.

Intersignals SDN BHD

COMPANY PROFILE

Intersignals SDN BHD

ENGINEERING SERVICES

TRACK RECORD & PROJECT EXPERIENCE

Intersignals Sdn Bhd (formerly NRI Engineering Sdn Bhd) has a proven track record in delivering high-quality engineering solutions in Cathodic Protection (CP), Corrosion Control, and Asset Integrity Management for both local and international clients across various industries.

WHY CHOOSE INTERSIGNALS SDN BHD?

PROVEN EXPERTISE
Decades of experience in CP, Corrosion Control & Asset Integrity.

RELIABLE SOLUTIONS
Delivering cost-effective, reliable and high-performance engineering solutions.

CLIENT FOCUSED
Committed to safety, quality and customer satisfaction.

END-TO-END CAPABILITY
From assessment and design to installation, commissioning and maintenance.

TRUSTED PARTNER
Building long-term partnerships through trust, performance and integrity.

OUR CORE ENGINEERING SERVICES

PIPELINE INTEGRITY & CATHODIC PROTECTION INSPECTIONS

- **BP NamConSon Pipeline, Vietnam**
  – Close Interval Potential Survey (CIPS) & DCVG Inspection
- **Petrovietnam, Vietnam**
  – CP System Inspection & Upgrading
- **PETRONAS Gas Berhad, Malaysia**
  – CIPS for PGU 2 & PGU 3 Pipelines
- **PGU Pipeline, Kuantan, Malaysia**
  – CP Inspection

CORROSION PROTECTION & ASSET INTEGRITY SOLUTIONS

- **ExxonMobil (Malaysia)** – Asset Integrity Engineering Services (5-year contract)
- **Brunei Methanol Corporation**
  – Project Management for Subsea Hose Replacement
- **Turkmenistan Pipeline** – Corrosion Monitoring & Pipeline Preservation
- **Talisman Energy (Malaysia)**
  – Coating & Topside Maintenance Consultancy

CP SYSTEM DESIGN, INSTALLATION & COMMISSIONING

- **Petronas Gas Berhad (PRAI Lateral II Project, Malaysia)**
  – CP System Design & Commissioning
- **Sabah-Sarawak Gas Pipeline, Malaysia**
  – CP System Design Review
- **Cengkareng Airport, Indonesia**
  – CP System Upgrading

OUR ENGINEERING CAPABILITIES

SURVEY & ASSESSMENT
CIPS, DCVG, close interval survey, coating inspection and corrosion condition assessment.

DESIGN & ENGINEERING
CP system design, rectifier sizing, anode bed design, structure protection and corrosion control solutions.

INSTALLATION & COMMISSIONING
Supply, installation, testing and commissioning of CP systems and associated equipment.

MONITORING & MAINTENANCE
Remote monitoring, data logging, potential mapping and performance optimization.

ASSET INTEGRITY MANAGEMENT
Risk-based inspection (RBI), integrity assessment, fitness-for-service (FFS) and life extension studies.

OUR COMMITMENT

- Deliver safe, reliable and sustainable engineering solutions
- Apply industry best practices and comply with international standards (ISO, NACE, API, ASME, etc.)
- Ensure cost-effective solutions that maximize asset value
- Build long-term partnerships through trust and performance

Our decades of expertise combined with cutting-edge technology ensure that we deliver cost-effective, reliable, and high-performance engineering solutions for critical infrastructure worldwide.

Your assets. Our expertise. Lasting protection.

Intersignals SDN BHD

COMPANY PROFILE

Intersignals SDN BHD

OTHER SYSTEM SERVICES

Integrated Solutions. Reliable Systems. Smarter Operations.

INTERSIGNALS Sdn Bhd delivers a comprehensive range of supporting system services designed to enhance operational efficiency, improve communication, ensure safety, and support mission-critical environments.

01 UNINTERRUPTIBLE POWER SUPPLY (UPS)

We provide **high-performance UPS** solutions to ensure continuous power for critical systems. Our UPS systems safeguard sensitive equipment, minimize downtime, and maintain operational efficiency. We offer a range of UPS configurations, from small-scale units for individual devices to large systems for entire facilities, tailored to meet specific power requirements.

02 INTERCOMMUNICATION SYSTEM

Our inter**communication** systems facilitate seamless communication within organizations, enhancing collaboration and operational efficiency. We design and implement intercom solutions that allow for clear audio and visual communication across various environments, ensuring that personnel can connect easily and respond quickly to any situation.

03 MASTER CLOCK AND TIMING SYSTEM

We offer sophisticated Master Clock and Timing Systems that synchronize time across multiple devices and locations. These systems ensure accurate timekeeping for organizations, improving coordination and efficiency. Our solutions are ideal for schools, hospitals, manufacturing facilities, and more.

04 RADIO PAGING SYSTEM

Our Radio Paging Systems are designed to improve communication and alerting within organizations. We provide customized paging solutions that allow for instant communication across large areas, ensuring that important messages reach personnel quickly and efficiently.

05 TRAFFIC LIGHT SYSTEM

INTERSIGNALS Sdn Bhd specializes in the design and installation of **Traffic Light Systems** that enhance road safety and traffic management. Our solutions include programmable traffic signals, pedestrian crossing lights, and integrated control systems, ensuring smooth traffic flow and reducing congestion in urban areas.

06 EQUIPMENT, MATERIAL, AND MANPOWER SUPPLY

We offer comprehensive services in Equipment, Material, and **Manpower Supply**, providing businesses with the necessary resources to support their projects and operations. Our extensive inventory and skilled workforce ensure that clients receive high-quality materials and experienced personnel tailored to their specific needs.

BENEFITS YOU CAN RELY ON

- **ENHANCED RELIABILITY** — Ensure continuous operation and minimal downtime
- **IMPROVED COMMUNICATION** — Clear, instant, and effective connectivity
- **ACCURATE & SYNCHRONIZED** — Precise timekeeping across all systems
- **INCREASED SAFETY & SECURITY** — Timely alerts and efficient response
- **OPERATIONAL EFFICIENCY** — Smarter systems for better performance
- **END-TO-END SUPPORT** — From planning to supply, installation, and support

IDEAL FOR

SCHOOLS & CAMPUSES	HOSPITALS	INDUSTRIAL FACILITIES
OFFICE BUILDINGS	TRANSPORTATION HUBS	GOVERNMENT FACILITIES

YOUR TRUSTED PARTNER FOR INTEGRATED SYSTEM SOLUTIONS

QUALITY ASSURANCE | EXPERIENCED TEAM | CUSTOMIZED SOLUTIONS | COMMITMENT TO EXCELLENCE

Delivering reliable systems and exceptional support that power your operations and keep your organization **connected, safe, and efficient.**

Intersignals SDN BHD

COMPANY PROFILE

Intersignals SDN BHD

ACCESS CONTROL SYSTEM (ACS)

FALCO™

FALCO ACS PRODUCT

FALCO Access Control Products provide a comprehensive range of access control solutions designed for enhanced security and access management across various environments, including commercial buildings, residential complexes, public facilities, and data centers. Here is a brief overview of key aspects of FALCO products:

INTEGRATED ACCESS CONTROL SYSTEMS

FALCO products offer a full range of access control options, integrating smart cards, biometrics, and video authentication for high flexibility and security in managing building entry and exit points.

BIOMETRIC AND SMART CARD AUTHENTICATION

FALCO offers biometric authentication devices like fingerprint and facial recognition scanners, along with access options via smart cards or tags, ensuring precise user control and minimizing the risk of unauthorized access.

MANAGEMENT SOFTWARE

FALCO includes management software that enables real-time monitoring and access control, complete audit reporting, and access scheduling for each user, which is essential for more efficient and detailed security management.

MODULAR DESIGN AND FLEXIBILITY

FALCO products feature a modular design, making them easy to configure or expand according to the specific needs of an organization. They are suitable for small-scale buildings up to larger commercial structures.

INDUSTRIAL-GRADE DURABILITY AND QUALITY

FALCO products are built with high-quality components that withstand extreme environments and frequent use, making them ideal for locations requiring 24/7 access control.

INTEGRATION WITH OTHER SECURITY SYSTEMS

FALCO can be integrated with CCTV, alarm systems, and other building management systems to provide an additional layer of security and centralized surveillance.

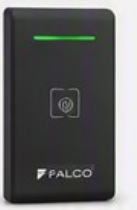

FALCO PRODUCT HIGHLIGHTS

ACCESS CONTROL PANEL

BIOMETRIC READER

SMART CARD READER

TURNSTILE & ACCESS GATE

KEY BENEFITS

ENHANCED SECURITY
Multi-layer authentication reduces unauthorized access.

REAL-TIME CONTROL
Monitor, manage and control access anytime, anywhere.

SCALABLE SOLUTION
Modular and flexible design for any size of organization.

AUDIT & REPORTING
Complete logs and reports for compliance and accountability.

SEAMLESS INTEGRATION
Works with CCTV, alarms and BMS for centralized security management.

Reliable. Flexible. Scalable.
Secure every entry.

FALCO Access Control Solutions by Intersignals Sdn Bhd deliver smarter security, better control and complete peace of mind.

Intersignals SDN BHD

ACCESS CONTROL SOLUTIONS

Intelligent Security. Controlled Access. Complete Protection.

INTERSIGNALS Sdn Bhd delivers advanced Access Control solutions that enhance security, streamline access management and protect people, assets and facilities. Powered by FALCO technology, our solutions provide flexibility, reliability and real-time control for any environment.

FALCO™

OUR CORE SOLUTIONS

BIOMETRIC AUTHENTICATION

Fingerprint, facial recognition and multi-factor authentication for secure access.

SMART CARD ACCESS

Secure card-based access for employees, contractors and authorized personnel.

MOBILE CREDENTIALS

Use your smart device to access doors anytime, anywhere securely.

INTEGRATED SECURITY PLATFORM

Seamless integration with CCTV, alarms and other security systems for unified protection.

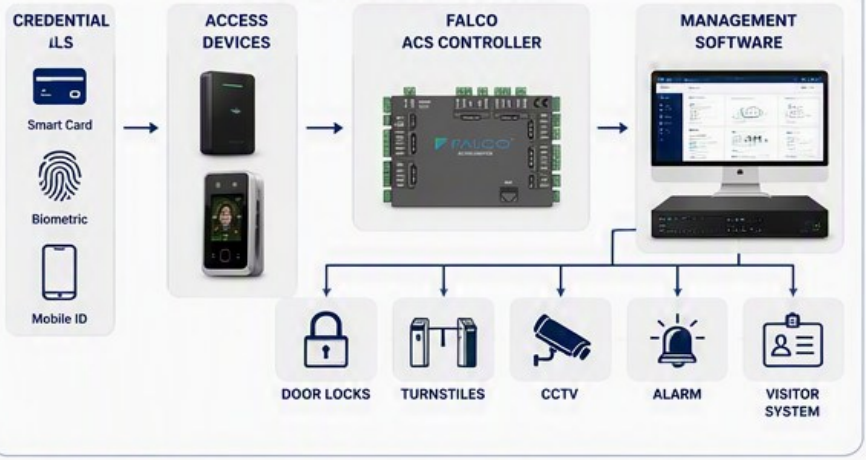

VISITOR MANAGEMENT

Efficient visitor registration, tracking and access control management.

ANALYTICS & REPORTING

Real-time monitoring, audit trails and advanced analytics for better decisions.

SYSTEM ARCHITECTURE

WHY CHOOSE FALCO ACCESS CONTROL SOLUTIONS?

- Enterprise-grade security and reliability
- Real-time access monitoring and alerts
- Scalable solution for any size of organization
- Flexible integration with third-party systems
- Centralized management for multi-site operations
- Compliance, audit trails and data protection
- Reduce risk, improve efficiency and operate with confidence

CCTV & SECURITY SURVEILLANCE

Powered by **BOSCH**

Smart Surveillance. Real Protection. Total Peace of Mind.

Our advanced CCTV and security surveillance solutions deliver reliable monitoring, intelligent analytics and real-time awareness to protect people, assets and infrastructure across all environments.

KEY SOLUTIONS

High Definition Video Surveillance
Crisp, clear monitoring with HD & 4K resolution cameras.

Intelligent Video Analytics
Detect, analyse and respond to events with built-in smart analytics.

Remote Viewing & Monitoring
Access live and recorded video securely from anywhere, anytime.

Scalable Solutions
Flexible systems for small installations to large, multi-site environments.

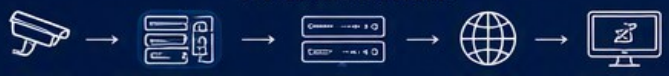

Reliable & Secure
Enterprise-grade reliability with secure data transmission.

Integration Ready
Seamless integration with access control, alarms and BMS systems.

APPLICATIONS

SYSTEM ARCHITECTURE

WHY CHOOSE BOSCH CCTV SOLUTIONS?

- Proven global technology and reliability
- Advanced analytics for proactive security
- High performance in all lighting conditions
- Lower total cost of ownership
- Future-ready and scalable systems

MANAGED INTERNET SERVICES (STARLINK)

Delivering reliable, high-speed, and low-latency satellite internet connectivity for maritime, offshore, and remote operations.

- **GLOBAL COVERAGE** — Connect from virtually anywhere
- **HIGH SPEED** — Up to 220 Mbps download
- **LOW LATENCY** — Game-changing low latency
- **RELIABLE** — Engineered for mission-critical use

OUR STARLINK MANAGED SERVICES

INSTALLATION & DEPLOYMENT
Professional setup and integration of Starlink hardware for seamless connectivity.

NETWORK MONITORING & OPTIMIZATION
24/7 remote monitoring, bandwidth optimization, and performance analytics.

TECHNICAL SUPPORT & MAINTENANCE
Dedicated on-site and remote support to minimize downtime and ensure smooth operations.

STARLINK SUBSCRIPTION MANAGEMENT
Handling activation, renewals, plan optimization, and billing.

COMPLIANCE & SAFETY STANDARDS
Ensuring IMO, SOLAS, and PTS compliance for maritime and offshore operations.

CUSTOMIZED PLANS & SLA-BASED SUPPORT
Tailored solutions and SLA-backed support to meet your operational needs.

WHY CHOOSE US?

- **Specialized in Starlink Solutions** — Focused expertise in Starlink deployment and management.
- **24/7 Technical Support** — Ensuring smooth operations with real-time monitoring.
- **Nationwide Support Coverage** — Service centers in Selangor, Penang, Kedah, Johor, Malacca, and Terengganu.
- **Customized Plans & SLA-Based Support** — Tailored solutions to meet business and operational needs.
- **Seamless Integration & Reliable Connectivity** — Optimized performance for mission-critical applications.

IDEAL FOR

- MARITIME
- OFFSHORE
- OIL & GAS
- REMOTE SITES
- GOVERNMENT
- DISASTER RESPONSE

GLOBAL COVERAGE. UNLIMITED POSSIBILITIES.

Starlink's advanced satellite constellation delivers broadband internet to the most remote locations.

STARLINK HARDWARE

- Easy to install
- Rugged and weather-resistant
- High performance in extreme environments
- Portable and reliable

LED WALL DISPLAY SOLUTIONS

Immersive Visual Experiences.
Interactive Engagement.
Future-Ready Display Technology.

INTERSIGNALS Sdn Bhd delivers advanced LED Wall Display solutions designed for digital galleries, museums, command centres, exhibitions and interactive experience environments. Our solutions combine Fine Pitch COB LED technology, Interactive Touch capabilities and intelligent content management systems to create engaging and impactful digital experiences.

01 FINE PITCH COB LED DISPLAY

Deliver ultra-high-definition visual experiences with exceptional image clarity, vibrant colours and seamless large-format performance.

- Pixel Pitch P1.25
- COB Technology
- High Brightness ≥ 1000 nits
- 16:9 Cabinet Design
- Front Access Maintenance

02 INTERACTIVE TOUCH EXPERIENCE

Enable intuitive interaction through integrated multi-touch technology across the entire digital collection wall.

- Multi Touch Support
- High Accuracy Response
- Low Latency Interaction
- Gesture Navigation
- Interactive User Experience

03 CONTENT MANAGEMENT SYSTEM

Centralized web-based platform to manage artworks, artists, exhibitions and multimedia content with ease.

- Web-Based CMS
- Collection & Artist Management
- Multimedia Management
- Real-Time Content Updates
- Role-Based Access Control

04 DIGITAL COLLECTION REPOSITORY

Store, organize and manage thousands of digital artworks and exhibition assets in a scalable and secured repository.

- 4,000+ Collection Capacity
- Metadata Management
- High Resolution Gallery
- Smart Search Engine
- Scalable Architecture

BENEFITS YOU CAN RELY ON

ENHANCED VISUAL IMPACT
Exceptional image quality for art and exhibition displays.

INTERACTIVE USER EXPERIENCE
Engaging visitor interaction through touch-enabled technology.

EASY CONTENT MANAGEMENT
Simple and flexible administration through centralized CMS.

FUTURE READY PLATFORM
Expandable architecture supporting future content growth.

24/7 RELIABLE OPERATION
Designed for continuous operation with minimal downtime.

END-TO-END SUPPORT
Design, supply, installation, testing, training and maintenance.

IDEAL FOR

MUSEUMS & GALLERIES | GOVERNMENT FACILITIES | EDUCATIONAL INSTITUTIONS | EXPERIENCE CENTRES | CONTROL ROOMS | CORPORATE SHOWROOMS

YOUR TRUSTED PARTNER IN DIGITAL VISUALIZATION SOLUTIONS

QUALITY ASSURANCE | EXPERIENCED TEAM | CUSTOMIZED SOLUTIONS | TECHNICAL SUPPORT

Delivering high-performance LED display solutions that power immersive digital experiences and keep organizations connected, informed and engaged.

ASSET INTEGRITY
OUR PRIORITY

Intersignals
SDN BHD

CORROSION MONITORING & ASSET INTEGRITY SOLUTIONS

Real-Time Monitoring • Predictive Analytics • Asset Life Extension

Intersignals Sdn Bhd delivers advanced corrosion monitoring and asset integrity solutions that help industries detect, assess and manage corrosion risks in real time—ensuring safety, reliability and extended asset life.

OUR SOLUTIONS

Wi-Corr® CUI MONITORING

- Corrosion Under Insulation Detection
- Non-intrusive monitoring
- No insulation removal required
- Continuous real-time data
- Early moisture ingress detection

Wi-Corr® UT MONITORING

- Ultrasonic wall thickness measurement
- Continuous metal loss monitoring
- High accuracy and reliability
- Real-time alerts and trends
- Suitable for critical equipment

xtrEMSense® EXTREME ENVIRONMENT MONITORING

- High temperature applications
- Harsh and extreme environments
- Advanced sensing technology
- Reliable in challenging conditions
- Designed for critical industries

PREDICTIVE ANALYTICS PLATFORM

- Risk modelling & corrosion prediction
- Remaining life assessment
- Maintenance prioritization
- Intuitive dashboards & reports
- Integration with DCS / CMMS

FROM DATA TO DECISIONS – OUR CONNECTED SOLUTION

FIELD SENSORS
Wi-Corr® sensors collect real-time corrosion and environmental data.

→

WIRELESS NETWORK
Secure wireless communication ensures reliable data transfer from harsh environments.

→

DATA GATEWAY
Data aggregated and encrypted before being sent to the cloud.

→

CLOUD ANALYTICS
Advanced analytics and AI algorithms convert data into actionable insights.

→

PREDICTIVE MAINTENANCE
Proactive alerts and recommendations to reduce risk, optimize maintenance, and extend asset life.

→

ASSET INTEGRITY
Improved reliability, safety and performance across your operations.

KEY BENEFITS

EARLY CORROSION DETECTION
Detect issues early and prevent failures.

NO PRODUCTION SHUTDOWN
Non-intrusive solutions installed on-line.

ASSET LIFE EXTENSION
Reduce corrosion rates and extend asset life.

LOWER MAINTENANCE COST
Optimize maintenance and reduce OPEX.

REDUCED OPERATIONAL RISK
Improve safety and regulatory compliance.

DATA-DRIVEN DECISIONS
Real-time insights for smarter decision making.

TRAFFIC LIGHT SYSTEM & SOLUTIONS

Intelligent traffic management solutions for safer, smoother and smarter mobility.

INTELLIGENT CONTROL | IMPROVED TRAFFIC FLOW | ENHANCED SAFETY | ENERGY EFFICIENT

COMPREHENSIVE TRAFFIC MANAGEMENT SOLUTIONS

Intersignals Sdn Bhd delivers end-to-end Traffic Light System (Traffic Signal Control) solutions that integrate advanced technology, real-time monitoring and intelligent control to enhance road safety, reduce congestion and improve traffic efficiency.

TRAFFIC SIGNAL CONTROL SYSTEMS

- Programmable traffic signal controllers
- Adaptive signal control strategies
- Vehicle, pedestrian & cyclist signal coordination
- Emergency Vehicle Priority (EVP) systems

SYSTEM INTEGRATION & TELECOMMUNICATIONS

- Integration with ATCS / UTMC & Urban Traffic Control (UTC)
- Fiber optic, Ethernet, 4G/5G communication networks
- Remote monitoring, diagnostics & fault reporting
- Traffic data management & analytics

DETECTION & SENSING SOLUTIONS

- Vehicle detection systems (loop, video, radar)
- Traffic counting & classification
- Pedestrian crossing systems with push-button activation
- Environmental & traffic monitoring sensors

SAFETY, STANDARDS & RELIABILITY

- Compliance with MUTCD, IEC, EN & NEMA standards
- Power supply systems, UPS, surge protection & grounding
- System reliability, fail-safe operation & interlocking
- Regular maintenance, testing & support

KEY BENEFITS

- Reduce congestion & delay
- Improve road safety
- Real-time traffic monitoring
- Data-driven decision making
- Lower operating costs
- Scalable & future-ready solutions
- Support smart city initiatives

EV CHARGER
PRODUCT & SOLUTION

Powering the Future.
Driving Sustainable Mobility.

APulsar

Intersignals Sdn Bhd is proud to partner with APulsar to deliver innovative EV charging solutions in Malaysia. Our range includes AC, DC, and high-power chargers designed for homes, businesses, commercial spaces, and public infrastructure.

OUR EV CHARGING SOLUTIONS

AC CHARGERS (7kW – 22kW)
Ideal for homes and businesses with smart features such as Bluetooth, RFID and app-based control.

DC FAST CHARGERS (20kW – 360kW)
High-speed charging solutions for public and commercial applications, with wall-mounted and floor-standing options.

SOLAR INTEGRATION
Enables EV charging powered by renewable energy for a greener and more sustainable future.

SMART & DYNAMIC CHARGING
Automatic power adjustment to prevent overload and ensure efficient energy management.

EASY INSTALLATION & MAINTENANCE
Quick 15-minute setup with minimal wiring and user-friendly maintenance.

INTELLIGENT CONTROL
Remote monitoring, analytics, and user management via mobile app and cloud platform.

OUR PRODUCT RANGE

DC CHARGER 20/40 (FLOOR STAND)

Dual Gun
40kW

DC CHARGER 240/360

Dual Gun
240kW / 360kW

DC CHARGER 120/160/180

Dual Gun
120kW / 160kW / 180kW

ADC CHARGER

DC (Dual Gun): 60kW – 200kW
AC (3rd Gun): 22kW / 43kW

CHARGING TECHNOLOGIES
- OCPP 1.6J / 2.0.1 compliant
- RFID & QR Code authentication
- Mobile app & cloud management
- Load balancing & dynamic power allocation
- Multiple payment options
- IP54 / IP65 protection rating

WHY CHOOSE APULSAR WITH INTERSIGNALS?

Reliable & High Performance
Engineered for durability and maximum uptime.

Future-Ready Technology
Scalable solutions with smart connectivity.

Cost Effective
Optimize operating costs with energy-efficient technologies.

Sustainable Mobility
Supporting Malaysia's transition to a low-carbon future.

Local Support
Nationwide service network with dedicated technical support.

Compliant & Safe
Meets international safety and quality standards.

FLEET MANAGEMENT SOLUTION (FMS)

Intelligent Fleet Operations. Real-Time Visibility. Smarter Decision Making.

Our Fleet Management System (FMS) delivers a comprehensive platform for monitoring, managing, and optimizing vehicle fleets through advanced GPS tracking, telematics, and cloud-based analytics.

The solution enables organizations to enhance operational efficiency, improve driver safety, reduce operating costs, and ensure greater visibility across all fleet operations.

TECHNOLOGY PARTNER

V3 SmartTech

www.v3smarttech.com

Delivering intelligent fleet operations for smarter, safer, and more efficient transportation management.

KEY FEATURES

- **Real-Time GPS Vehicle Tracking**
  Live location monitoring and route history
- **Driver Behaviour Monitoring**
  Speeding, harsh braking, rapid acceleration, and idling analysis
- **Geofencing & Alerts**
  Unauthorized vehicle movement and route deviations
- **Fleet Maintenance Management**
  Preventive maintenance scheduling and service reminders
- **Fuel Consumption Monitoring**
  Improve fuel efficiency and reduce operating costs
- **Trip Management & Digital Logbook**
  Complete journey records and reporting
- **Vehicle Utilization Analytics**
  Maximize asset performance
- **Cloud-Based Dashboard Access**
  Accessible from desktop and mobile devices
- **Comprehensive Reporting & Business Intelligence**
  Operational analysis and compliance
- **Open API Integration**
  Integrate with ERP, Asset Management, and other enterprise systems

Building Robust Digital Infrastructure

Through Precision, Performance & Reliability

Intersignals Sdn Bhd provides comprehensive fiber optic and network infrastructure services, delivering high-performance, reliable, and scalable connectivity solutions for mission-critical environments.

STRUCTURED CABLING | SECURITY & SURVEILLANCE | FIRE ALARM SYSTEMS | TELECOMMUNICATION NETWORKS | BUILDING AUTOMATION

OUR CORE SOLUTIONS

FIBER OPTIC & NETWORK INFRASTRUCTURE
Design, supply, installation and commissioning of backbone & access networks.

STRUCTURED CABLING SYSTEM (COPPER & FIBER)
High performance cabling solutions for voice, data, video and building systems.

END-TO-END FIBER OPTIC DEPLOYMENT
Backbone & distribution, underground, aerial and building fiber deployment.

NETWORK & TELECOMMUNICATION SYSTEMS
Voice, data, wireless, IP telephony and infrastructure solutions.

FIBER SPLICING, TERMINATION & OTDR TESTING
Fusion splicing, termination, OTDR testing, power meter testing and link certification.

SUPPLY OF EQUIPMENT & MATERIALS
Fiber optic cables, networking devices, accessories and ELV systems.

KEY BENEFITS

- High reliability & performance
- Scalable & future-ready solutions
- Industry best practices & standards
- Experienced engineering team
- End-to-end project delivery
- Mission-critical connectivity assurance

WE DELIVER SOLUTIONS FOR

Telecommunications Operators | Government & Public Sector | Commercial Buildings | Industrial & Oil & Gas | Data Centers & Critical Facilities

OUR CAPABILITIES

UNDERGROUND FIBER DEPLOYMENT

FIBER SPLICING & TERMINATION

TESTING & CERTIFICATION (OTDR / POWER METER)

STRUCTURED CABLING INSTALLATION

INTEGRATED ELV SYSTEMS

WORKING EXPERIENCE

MAIN CONTRACTOR / PROGRAM	SCOPE
TM Alliance / HSB	Civil work fiber termasuk penanaman paip, manhole inspection dan deployment fiber
Telekom Malaysia / RCS	Fiber optic installation termasuk ducting dan kabel backbone
TM / TNB Infrastructure	Installation, termination, testing dan commissioning fiber optic serta infrastruktur telekom
Syarikat Ismail Ibrahim Sdn Bhd (Projek berkaitan TM)	Supply, delivery, installation testing & commissioning perubahan overhead ke underground cabling (termasuk trenching & OSP Duct work)
Electrocom Sdn Bhd	Overhead to underground telekom & OSP Trenching / Duct work
TSH (M&E) Sdn Bhd	Civil/OSP, termasuk trencher & duct like infrastructure
Konsortium Jaya Sdn Bhd	Implementation of Short Span Civil Infrastructure of Civil and Fiber Optic Cabling Work for Celcom - Lamda 3 Site (various locations)
... and more projects nationwide	

OUR END-TO-END PROCESS

CONSULTATION & SITE SURVEY → DESIGN & PLANNING → DEPLOYMENT & INSTALLATION → TESTING & COMMISSIONING → DOCUMENTATION & HANDOVER → SUPPORT & MAINTENANCE

QUALITY & STANDARDS

- Compliance with industry standards & best practices
- Certified testing & documentation
- Quality assurance at every stage
- Safety, reliability and sustainability commitment

INTERSIGNALS SDN. BHD.
(201601004133 (1186575-U))

Towards ISO 9001 2015 CERTIFICATION

OUR CLIENTS
(OIL & GAS INDUSTRIES)

Trusted by leading organizations in the Oil & Gas sector to deliver critical, secure and high-performance solutions.

The services provided to the Petronas Group, Shell Malaysia and ports in Selangor, Johor, and Terengganu include a range of security and surveillance solutions, ensuring the safety and efficiency of operations. These services encompass the supply, installation, and maintenance of advanced security systems such as:

CARD ACCESS SYSTEMS
Supply and installation of card access system parts, including solutions for Petronas Gas Berhad (PGB) and Visitors' Management System support.

CCTV SURVEILLANCE
Design, supply, installation, testing, and commissioning of CCTV wireless video surveillance systems, including perimeter surveillance and support for facilities like Melaka Fuel Terminal and PETRONAS Refinery Petrochemical Corporation.

FIBER OPTIC EQUIPMENT
Installation, testing, and commissioning of fiber optic equipment for audio and video feeds for LED TVs, enhancing monitoring and communication systems.

SECURITY DATA MANAGEMENT
Professional services for migrating and integrating P2000 Access Control System (ACS) data into BDC servers.

INTEGRATED SECURITY SYSTEMS
Maintenance and support agreements for Access Control Management Systems (ACMS) and CCTV, ensuring continuous monitoring and security.

VSMS SERVICES
Supply, delivery, installation, integration, testing, and commissioning of Video Surveillance Management Systems (VSMS) for Petronas and its group of companies.

BRB — A Subsidiary of PETRONAS Chemicals Group
PETRONAS PENAPISAN MELAKA
PETRONAS DAGANGAN
PETRONAS CARIGALI
PETRONAS PENAPISAN TERENGGANU
PETRONAS FERTILIZER KEDAH
PETRONAS RESEARCH
BASF — We create chemistry
PETRONAS SEPANG INTERNATIONAL CIRCUIT
PETRONAS CHEMICALS

These offerings include comprehensive support agreements to maintain the reliability of these systems across key Petronas facilities and terminals.

JABATAN PENDAFTARAN NEGARA (JPN)

NATIONWIDE ACCESS CONTROL & CCTV IMPLEMENTATION

Securing Identity. Protecting Government Facilities. Enabling Nationwide Security Operations.

ZKTeco | HIKVISION

PROJECT OVERVIEW

Client
Jabatan Pendaftaran Negara (JPN)

Project Scope
Supply, Delivery, Installation, Testing & Commissioning of:

- ZKTeco Access Control System
- Hikvision CCTV Surveillance System
- Centralized Monitoring Infrastructure
- Network Integration & Connectivity
- Access Credential Management
- Security Monitoring Platform

Project Coverage
61 JPN Sites Nationwide

01 ZKTECO ACCESS CONTROL SYSTEM

Deployment of enterprise-grade access control solutions across JPN branches nationwide.

- Door Access Controllers
- Card Readers
- Access Management Software
- Attendance & Credential Management
- Centralized Monitoring

02 HIKVISION CCTV SURVEILLANCE SYSTEM

Implementation of comprehensive surveillance coverage for security monitoring and incident management.

- IP CCTV Cameras
- NVR/DVR Recording Systems
- Security Monitoring Workstations
- Centralized Video Management
- Remote Monitoring Capability

03 NETWORK & SYSTEM INTEGRATION

Seamless integration of access control and CCTV systems within existing JPN infrastructure.

- Structured Cabling
- Network Commissioning
- User Configuration
- System Integration
- Testing & Commissioning

PROJECT BENEFITS

- 61 Sites Successfully Deployed
- Enhanced Physical Security
- Centralized Monitoring Capability
- Improved Access Management
- Standardized Security Infrastructure
- Nationwide Operational Support

PROJECT HIGHLIGHTS

Client	Jabatan Pendaftaran Negara (JPN)
Coverage	61 Sites Nationwide
Solution	Access Control & CCTV
Access Control Technology	ZKTeco
CCTV Technology	Hikvision
Deliverables	Supply, Installation, Testing & Commissioning

IDEAL FOR

GOVERNMENT AGENCIES | PUBLIC SERVICE FACILITIES | FINANCIAL INSTITUTIONS | HEALTHCARE FACILITIES | EDUCATIONAL CAMPUSES | INDUSTRIAL PREMISES

On Going Project

Intersignals SDN BHD

malakoff

A Member of MMC Group

MALAKOFF CORPORATION BERHAD

Tanjung Bin Power Plant Complex, Johor.

SCOPE OF WORKS

To design, supply, installation, integration, testing, commissioning and maintenance of a comprehensive Integrated Security Management System (ISMS) at Tanjung Bin Power Plant Complex.

- CRITICAL INFRASTRUCTURE SECURITY
- INTEGRATED SECURITY SOLUTIONS
- RELIABLE & SCALABLE SYSTEMS
- 24/7 MONITORING & SUPPORT

INTEGRATED SECURITY MANAGEMENT SYSTEM (ISMS)

CCTV SURVEILLANCE SYSTEM
High definition IP cameras for real-time monitoring across the plant.

VIDEO MANAGEMENT SYSTEM (VMS)
Centralized video management with intelligent analytics and recording.

ACCESS CONTROL SYSTEM (ACS)
Secured access control for personnel, vehicles and visitors.

PERIMETER INTRUSION DETECTION SYSTEM (PIDS)
Advanced perimeter protection with early detection and alarm.

COMMAND & CONTROL CENTER
Centralized security operations and real-time incident management.

FIBER OPTIC COMMUNICATION NETWORK
High-speed, reliable fiber backbone for all security systems.

PREVENTIVE MAINTENANCE & SUPPORT
Regular maintenance and 24/7 technical support for continuous system reliability.

PERIMETER SECURITY

ACCESS CONTROL

POWER PLANT OPERATIONS

PROJECT HIGHLIGHTS

- ✓ End-to-End ISMS Solution
- ✓ Integrated Security Across Entire Plant Complex
- ✓ Enhanced Safety, Security & Operational Efficiency
- ✓ High Availability & System Reliability
- ✓ Customized Solution for Critical Infrastructure
- ✓ Professional Project Management & Support

VALUE DELIVERED

ENHANCED SECURITY
Strengthened protection of critical assets, personnel and facilities.

OPERATIONAL EXCELLENCE
Improved operational efficiency through integrated systems.

REAL-TIME VISIBILITY
Centralized monitoring for faster response and decision making.

RELIABLE PARTNERSHIP
Trusted partner delivering quality solutions and ongoing support.

SECURING CRITICAL INFRASTRUCTURE.
PROTECTING WHAT MATTERS.
